SUMMARY

Content Strategist with 2+ years of experience building content systems for India's top tech creators and edtech brands. Managed a 600K+ combined audience across YouTube, Instagram and LinkedIn for Swaroop Talks (450K+ subscribers) and Scaler. Produced 100+ videos, delivered 3x watch-time growth, and built a DSA course serving 1,000+ students. Currently operating AI video pipelines in production, using HeyGen API, ElevenLabs and LLM workflows to ship 10+ videos per week for Scaler School of Technology. An engineering background with AWS and Azure certifications adds technical depth to creative work.

EXPERIENCE

AI Content Producer & Operations

Bytes.SST (Scaler SST) and MentiBY · Freelance · Current

- Runs an end-to-end AI video pipeline: research, scripting, audio and video generation, editing, and publishing for Scaler SST's Instagram.
- Produces 10+ AI-generated videos per week, cutting production time by roughly 70% versus traditional workflows.
- Manages operations at MentiBY Technologies, Swaroop's edtech startup.
- Creates reels and carousels that simplify complex tech topics and drive engagement on short-form content.

Systems Engineer

Sify Technologies · Full-time · Jul 2024 - Present

- Built a 5-app Digital Office suite (Ticketing, Tasks, Approvals, FAQ, Compliance) with Power Apps, Power Automate and SharePoint.
- Created a Python and Selenium automation bot for ServiceNow, using LLMs to reduce manual, repetitive work.

Content & Community Intern

Scaler by InterviewBit · Internship · May - Jun 2024

- Developed an organic growth content strategy for Scaler's social media across Instagram, LinkedIn, YouTube and Quora.
- Built a UGC content framework and trained students to create content on YouTube, LinkedIn and Quora.
- Authored blog posts and ORM scripts that strengthened Scaler's brand trust with student audiences.

Technical Content Writer

Code With Swaroop (Swaroop Talks) · Full-time · Jun 2023 - Mar 2024

- Managed 3 social media platforms, driving organic growth across handles with 900K+ combined followers.
- Scripted and strategized 100+ YouTube videos for a creator channel with 450K+ subscribers and 28M+ total views.
- Designed and launched a DSA with Java course serving 1,000+ students on codewithswaroop.com, rated 4.8 out of 5.
- Created Instagram reels and carousels for @codewithswaroop (296K followers), driving short-form tech engagement.
- Built learning modules, quizzes and student handbooks; scaled the community to 5,000+ learners in one year.
